ACADEMIADECÓDIGO

<CERTIFICATE/>

We hereby attest that <Cyber Cadet> David Mergulho has successfully completed <Academia de Código_>'s Ops 101: Explore Ethical Hacking & Cybersecurity Careers.

The above-mentioned workshop was a day-long immersive course that focuses on hands-on usage of the tools and techniques of ethical hackers and security best practices with the following topics:

// What is a hacker?
What separates the good from the bad
Case studies in modern cybersecurity

// How do hackers exploit systems?
Hands-on practice with finding vulnerabilities
Team based exercises in building and using hacking skills

// What does a career in cybersecurity look like? Career
paths
Certifications
Continuous education
